The Mayoralty.

Here we are in trouble again. Hardly time to breathe since we fell with such a dull thud after the elections, now our feathers are ruffled up the wrong way by Mr. Welliver, who charged us with being a member of the family compact, whatever that may be, as though we were an old Baldwin Reformer or a dyed-in-the-wool, fossilized old Tory. We hope Robert Benjamin will be a sport, fight fair, not get excited, and above all things, not be too hard on the newspapers. He tells us himself he believes he can fill the bill if it is only necessary to make a good Mayor to have a man with a thorough knowledge of the town and district, with a fair knowledge of the town's affairs, and a reasonable amount of business capacity, time and energy. Let it go at that. But he needs more. He needs experience, and this, in the eyes of many, will be fatal to his candidature. But Mr. Welliver has a perfect right, as a free and independent citizen, to run for any office in the gift of the people, and the people, after all, must be the judge.

Supper and Concert.

The Supper and Concert held by the Methodist Ladies Aid on Thursday evening last was quite a success. The supper was held in the old Brumpton store and from 6 to 8 o'clock large crowds were regaling themselves. The tables were nicely decorated and lit with candles. The following young ladies waited on table: Misses Smith, Hewson, Youmans, Clark, the Misses McLeod and others, and of the large crowd that filled the rooms not one went away hungry or dissatisfied.

After supper the crowd went over to the Church where the concert was held and had the pleasure of hearing a splendid program. Rev. Huestis took the chair and Mr. Foulds was accompanist. The following took part in the program: Mrs. Graves, reading; Mrs. A. Trimble, solo; Len Gaetz, instrumental; Mr. Hamilton, solo; Mr. Huestis, reading; Mrs. Derringer and Mrs. A. Trimble, duet; L. M. Gaetz, solo; Miss Huestis, recitation; Mrs. H. Wallace, solo and also two selections by the choir. We understand the ladies realized a handsome sum to compensate them for their efforts.

Leslieville.

Mr. Geo. Fournier has returned from the States and will stay on his homestead this winter. Mr. Carl Bransel has also returned.

On Thanksgiving night a few of the neighbors and friends held a social at the home of Mr. Jno. Reilly. The evening was spent in games, music and readings, after which followed refreshments.

Mrs. N. R. McDonald has come out to live in our midst.

Mr. A. Sutherland left last week for Leslieville.

Mr. Ed. Wilton has gone to town for the winter. Following is the report of the promotion examinations for 3rd and 4th classes of Prairie Rose School held this month: Maximum for 4th to 5th, 595; 3rd to 4th, 585. Four pupils wrote and all were successful. From 4th to 5th, Mabel Reilly, 731; Mary Leisk, 731. From 3rd to 4th, Bertha Reilly, 698; Victor Reilly, 629. F. J. Dodson, teacher.

The long evenings are coming on, and you will naturally want some reading matter.

School Board.

The Board of Education held its regular meeting on Friday afternoon last. Grieve, Munro and Carewell in attendance, chairman Simpson and W. E. Payne being detained at court.

A number of accounts were presented and passed.

R. Gee wrote asking for an increase of salary for caretaking. Laid over to next meeting.

The secretary informed the Board that a number of new books had been added to the school library, as called for by government grant.

The principal's report for October showed the school in better standing than the month previous.

So far as can be ascertained the change in the closet system in the basement is working most satisfactorily.

The question of medals was referred to Secretary Munro, and the proofs are now on their way east for completion.

A grant of \$10 was made to the basketball club to help defray expenses. After which the Board adjourned.

The Grain Market.

Grain is coming in faster than ever before known in Red Deer, more grain already having been marketed in November than any month in its history, which proves that the prices paid so far in Red Deer have been better than almost any town in Alberta. With the facilities the elevators have for handling wheat there is no reason why it should not be all marketed while the price remains good. As an example of what is being done as many as three cars of wheat have been loaded at once, while two hundred thousand bushels of oats are being marketed daily. Farmers have in a number of cases shipped their own cars, and as this method becomes known they will no doubt take advantage of it. Yesterday Geo. Dominey, of Horn Hill, shipped a car of the finest oats that ever left Red Deer, and received for the same the highest price paid this season. From 32c. to 35c. is being paid for oats; 32c. to 40c. for barley, and wheat according to grade, all the way from 45c. to 75c.

Clearview Social.

On Monday evening last week a most successful and enjoyable social took place at the Clearview school with the object of raising funds for the minister's stipend.

The following ladies and gentlemen contributed to the evening's enjoyment with vocal and instrumental music:

Mr. Foulds, accompanist; Miss Marion White, Mrs. A. Trimble, Miss Skinner, Miss Jargonson, Miss Hutton, Messrs. Alexander, "Three Boys," Wilson, Mr. Bert Griffiths, Recitations by Myrtle Brown, Miss Brown, Miss J. Deas, Miss Latam and Mr. Brown. Reading by Miss Delamere.

After the programme light refreshments were served by the ladies, and a real social time was enjoyed. The proceeds amounted to \$35.

During the interval it was announced that Mr. Foulds would organize a singing class at Clearview school, commencing Monday, Nov. 18th.

Old Settler Dead.

David Parker, one of the pioneers of Alberta, and earliest settler of Horn Hill, passed away on Wednesday last, at the age of 74 years. Mr. Parker came to Alberta in 1889 from Essex, Ont., and settled at Horn Hill, four miles east of Penhold, in 1890, where for some twelve years he was a prominent figure. He then sold out and moved to the coast, where his wife died, and a couple of years ago he moved back to Alberta and purchased another farm at Horn Hill. Failing health compelled him to sell out again last year, and he passed through an operation for cancer at the hospital, but the disease had too firm a hold on his system, and made its appearance in his throat, finally proving fatal, as above stated. He leaves three sons, Leighton, George and Fred; and a daughter, Mrs. Tom Wells, all residing near Horn Hill, to mourn his death, besides a son in Ontario.

The funeral on Friday to Horn Hill cemetery was largely attended, Pastors Black, of Innisfail, and Goodfield, of Red Deer, officiating. The funeral was in charge of H. G. Stone of Red Deer.

The family have the sympathy of the community in their bereavement.

Bible Society Meetings.

C. D. Campbell, general secretary for Alberta for the Upper Canada Bible Society, paid an official visit to Red Deer on Sunday last, 16th November, and delivered addresses in the Methodist, Baptist and Presbyterian churches during the day.

After the evening service the Executive Board of the Society met Mr. Campbell in the Presbyterian Church to talk over the work in Red Deer when the names of Messrs. Carewell, Graham and McVicar were added to the Executive which leaves the Executive Board of the Society as follows:

President—Rev. Huestis
1st Vice—J. A. Carewell
2nd Vice—Jno. McVicar
Treasurer—J. A. Youmans
Secretary—S. E. McKee
Members on the Board from each church:
Methodist—G. W. Smith
English—R. Graham
Presbyterian—A. H. Ilsey
Baptist—J. W. Broughton.
It was resolved to make an appeal to the town generally for funds about the first week in December and that an effort be made to raise the sum of \$60 for work of the Society.

Stock Growers Meet.

The Central Alberta Stock-growers Association will hold their regular public fall meeting on the afternoon and evening of Wednesday, Nov. 26, when topics of general interest to farmers and stock-growers in all parts of the west will be discussed. Everybody invited.

Miss Lena Duthie gave an evening of song in Scotch and Irish selections, under the auspices of the Caledonian Society Monday evening in the Oddfellows' Hall. There was a fair audience present and all enjoyed the splendid selections of this noted singer. She expects to visit Red Deer again at some future date.

PROVINCIAL ELECTIONS.

Considerable speculation is going on as to when the provincial elections will take place. The Toronto Mail and Empire says they will be held Dec. 15th. There is probably no truth in this. It is not likely they will be held until after a short session. The Conservative party would enter the contest as well prepared in the way of organization as the Liberals, and that is not what is wanted by the Rutherford government. Then the Premier has promised that he will not bring on the elections this year. But in any event the elections cannot be long deferred, and will probably be held in four or five months. It therefore is very important that the local associations keep up their organization, and remember that most battles are fought out in this way, before a big gun is fired.

CONSERVATIVE CONVENTION POSTPONED.

J. D. Hyndman, Edmonton, President of the Provincial Conservative Association, informs the press that the Provincial Conservative Convention, which was called for Dec. 10th, at Calgary, has been postponed until after the Christmas holidays.

If Justice Cassels insists, says an exchange, on probing the Marine Department he will soon be placed by the Liberals in the same category with those other muck-rakers, Dr. Pringle and Major Hodgins.

It is strange how the Liberal papers are now demanding a house-cleaning at Ottawa. Judging by the marine investigations it will take more than a house-cleaning. Sanitation and fumigation will be necessary too. —Winnipeg Telegram.

The Emperor of China is once more dead, and it is reported on good authority he will likely stay dead this time. The Dowager Empress has installed Prince Puyi on the throne in his stead. The old lady has ruled the empire for a generation, and seems as capable of ruling as ever.

It is hard to explain why the deferred elections in B. C. should go so strongly Conservative. We can only explain it by the fact that our Dr. Clark went over to help the Liberal candidates in the fight, and so scared the Liberal voters that they plunked for the other fellow.

The Canadian Manufacturers' Association are making a new departure by sending representatives west to get in touch with the tariff and other problems. If the manufacturers would start a dozen big branch factories here in the west the tariff problem would solve itself.

Whatever may be thought of the Calgary Eye Opener, it must at least be noted that its editor has not been slow to retaliate upon his personal reputation. So much cannot be said of those prominent in public life whose characters have been dragged in the mire through the agency of the Eye Opener.

Calumny cannot be a virtue, and even the highest motives cannot glorify slander. To traduce private character by false statements or base insinuations is not a proud achievement, whether by the Eye Opener or by journals more careful of their reputations. The onslaught upon

In Kootenay, the totals stand: Goodhue, 2,110; Curtis, 1,459; Davidson, 1,050.

Though Davidson, Socialist, won with large pluralities in such Socialistic centres as Fernie and Michel and other towns in the Crow's Nest Pass, he was hopelessly out of it in the cities of West Kootenay. Comparatively, he made hardly as good a showing as did Comrade Hawthorne—waits in Nanaimo against Ralph Smith.

The following are the results in the chief towns:

This leaves the British Columbia delegation in parliament at five to two in favor of the opposition. The defeat of Duncan Ross is looked upon in Vancouver as likely to increase the chances of W. B. Molnes being taken into the cabinet from British Columbia.

HALL'S GREAT PROFIT SHARING SALE GOES MERRILY ON.

Our sales last week were almost double that of any week since our coming to Red Deer. This fact alone proves to us that the people appreciate the manner in which we are conducting this Big Profit-Sharing Sale. A dollar isn't any bigger in our store than elsewhere. It merely looks bigger, because its purchasing power is so greatly increased, particularly now.

Special Clearance of Millinery.

Out of almost 100 Ladies' Dress Hats we have only 35 left, and these go on sale at just 1/2 off the regular price. Come at once, if you haven't got your new hat, as at these prices, so early in the season, they are sure to vanish quickly.

Special Clearance of Children's Shoes, \$1.00 pair.

A big slice has been taken off the former prices. Every vestige of profit to us is gone. We don't want profits now; we want the room. We want to get these shoes out of our store and on to your children's feet. About 50 pairs in the lot, in boys' and girls'—sizes run from 10 to 2—in heavy and medium weights. The former values were up to \$1.75 pairs.

All now go at one price—\$1.00 Pair.

Don't Forget Us on Furs

We have a nice stock of Choice Furs, all this year's styles, and we have marked them close. When you are in, ask to see them.

A Special Picture Buy

When in the East we picked up about 50 pretty pictures, a line regularly worth 50c. Our Special Price is 35c.

REMEMBER

Our Special Profit-Sharing Sale will continue for the Next Two Weeks. We sent away hundreds of satisfied customers last week. Come! and we'll send you away pleased, too.

We do not invite comparison of values. It would be absurd to think of the stores in town matching our present prices here. To follow our lead would take a barrel of money, and most stores hesitate on that account.

A Conservative Convention.

Edmonton Journal.

The news that a provincial Conservative convention is to be held at the beginning of next month will be hailed by the Conservative party throughout Alberta with much satisfaction. The results of the Dominion elections in the province gave grounds for a good deal of gratification on the part of Conservatives, and they will enter the fray in the provincial elections in good heart and sanguine of a happy outcome of the political contest. It is reported that the provincial government contemplates an appeal to the country without delay, and behooves the Opposition to prepare themselves for the conflict that appears to be imminent. The Liberal administration is strong numerically, but it is by no means immune from disaster. Conservative sentiment has made much progress since the last provincial elections. Large numbers of newcomers have arrived in the province. Public opinion has not settled into any distinct groove, as is the case in older countries, but is still in the process of formation. It would be no great surprise if at the next elections the verdict of the people reversed the decision given at the last elections.

Whether complete victory rewards the efforts of Conservatives, or whether the result is merely to strengthen the opposition, the outcome of the campaign will be of importance to the Conservative party and to the province. An opposition strong numerically and strong in debating power exercises a potent influence upon the course of events. In the Dominion parliament Mr. Borden, although in opposition, has secured for the country many measures of great consequence. Rural mail delivery and the inception of civil service reform are among the advantages that Conservative influence has secured for the country, and on all legislation the opposition has exercised a formative influence. Among the candidates of the provincial opposition, many men of high ability and of statesmanlike characteristics, and their election would similarly influence the course of events, and would tend to the welfare of the province and to the triumph of Conservative principles, even should their seats be on the left instead of the right of the Speaker. A strong opposition would have it in its power to force the government to take up the question of railway development or other measures that it believed the interests of the province to demand. Failure to grasp these opportunities for years to come have a depressing effect upon the prospects of the Conservative party. This is the period of growth, a crucial era. Supineness or lack of initiative would mean years to leave a mark of discouragement upon the prospects of Conservatism in the province.

The opinion is held very generally in the west that had the Conservative leaders called a convention of the party subsequent to the Dominion elections of 1904 the prospects of the party for success at the recent elections would have been brighter than was the case. The provincial convention will do for Conservatives in local matters what it was hoped that a Dominion convention might have done in the federal arena. It will bring representative Conservatives from one end of the province to the other in touch with each other, and will give the party as a whole an insight into the needs and aspirations of widely scattered constituencies. It will tend to perfect the organization that was originated in view of the recent Dominion elections, and it will give Conservatives everywhere a more personal and intimate interest in the fortunes of the party. Whether an official programme is adopted or not it will bring before the people more clearly the aims of the Opposition, and the objects that will be in view during the coming elections. It will stimulate enthusiasm and will have a healthy effect which will undoubtedly make itself felt when the ballots are counted.

Ticking tight Coughs, can be surely and quickly loosened with a prescription Druggists are dispense a everywhere as Dr. Shoop's Cough Remedy. And it is so very, very different than common cough medicines. No Opium, no Chloroform, absolutely nothing harsh or unsafe. The tender leaves of harmless, lung healing mountain shrub, gives the curative properties to Dr. Shoop's Cough Remedy. These leaves have the power to calm the most distressing Cough and to soothe and heal the most sensitive bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. MODES OF THE MOMENT.

Peculiarities of the Sheath Skirt. Don't Wear Black Unless You Must. The favorite sheath skirt of the moment has a half sheath top with considerable flare at the bottom if the material is thin and filmy, but with little flare if the cloth is heavy. The most attractive skirts just at this moment are buttoned down the side front with a row of buttons, but this is an extreme fashion that is apt to become common.

Unless you have an abundance of color or refuse to wear black. An all black gown makes any woman look paler, for the reason that black absorbs whatever color there may be in the face. There is no denying the fact that there is a great falling off in the number of chemises being worn. Most women have come to the conclusion that they had better rather than decrease it. Empire mantles are beloved of the dainty girl. One of dotted swiss is very pretty. It is put into tiny tufts at the shoulders and hangs full and loose to the knees. The edges are finished with a deep ruffle of plain muslin bound with pink silk ribbon. Around the figure under the arms is a line of deep buttonholes worked in the material, and through these is run a four inch band of pink ribbon which is tied with a bow in long ends in front.

A negligee that can be quickly and easily made is shown in the illustration. It is in one piece with seams under the arms only. The edges can be faced with contrasting material or simply bound with ribbon.

SARTORIAL NEWS. Hats Will Not Match Gowns This Fall. The Latest Auto Headgear. One of the latest fashions of fashion is the catching up of the skirts of elaborate gowns a trifle at the front and side to show the smart dressing of the foot.

The style that hats must match the dress is a thing of the past. A contrasting color to harmonize will be the fall wrinkle, but the fashionable woman still considers the idea of frock and shoe to match for house and street wear. This is especially effective in the latest gray.

The latest hat for auto riding is

of subtle shape that comes down well over the nape of the neck. A designer has brought out a new thing in the way of tunics. It is cut circular, is a trifle high waisted, and instead of having a box plait down the side it is slashed open, finished with a two inch hem at the edge and is then laced from side to side through silk covered eyelets.

With the present style of dress it is absolutely necessary to wear a corset cover such as illustrated. It is cut from some heavy material and fitted to the figure. The front seams and the darts are banded. A ruffle of lawn or tulle lace can be used to finish the neck and armholes.

The Premier's Responsibility.

There is good reason for believing that all of what was involved in the late election contest is not indicated in the returns. In a number of cases Liberals who have been elected speaking in private, from their own supporters during the campaign, and in public, from the opposition, have been elected to positions of responsibility. It is not to be denied that these supporters do not approve of the scale of expenditure which has been reached, of late, that waste on military and bounties is particularly objected to, that charges of robbery on public contracts such as were made by McAvity must be probed to the bottom, and that grafting in general must be stopped.

Since the election much to the same effect has been said publicly. The Toronto Star (Liberal), in an article published the day after the election, declared that it would be a mistake to interpret the Liberal victory as a declaration that the rank and file of the party are not sensitive to the charges of graft which have been made. The vote given, The Star said, was rather a declaration of belief in Sir Wilfrid Laurier's personal honesty and a mandate to him to correct wrongs wherever they may exist. In particular The Star demanded the elimination of the middleman and party purveyor and the purchase of all supplies required for public service by open competition.

Equally plain speaking was indulged in by the World (Conservative) on the other side. The World declared that Mr. Borden had been hampered by the Tupper tradition and by the presence of men at his side who had used their public positions to make profitable deals in railway lands. It demanded of the Conservative leader that he rid himself of men who are growing smaller year by year, and that he call a Dominion convention to formulate a plan of keeping with the ideals of younger Canada.

What was said privately before election, and has been said publicly since the polls closed, together with the defeat of Conservative land grabbers on the one side and the obliteration of the Sifton influence on the other, should be the means of giving a better tone to the new Parliament than was characteristic of the last.

The present situation places a very serious responsibility on Sir Wilfrid Laurier and his advisers. The matter will, of course, be many years before it can be expected that the Liberal party will go out of power at the next election. The growing popular aversion to the maintenance of a party in power too long will of itself in all probability be sufficient to ensure this. If, however, Sir Wilfrid accepts the advice of his best friends defeat, when it does come, will not carry dishonor with it, and his party, even in defeat, will still be in possession of great moral strength. If, on the other hand, there is continued extravagance in public expenditure, if waste of the public funds by purchasing supplies only from supporters of the Government still goes on, and if there is a succession of events such as those which have been mentioned, the Liberal party will be annihilated in the next election.

Sir Wilfrid has been given an opportunity not only to finish his work on the Transcontinental, but to put his party in such a position that it will not be a case of "after me the deluge." His place in history will depend quite as much on the manner in which this task is fulfilled as on all that is claimed for him during the twelve years he has already spent in office.—Farmers' Sun.

We have it on good authority that negotiations are under way for a performance in our city about Nov. 28th by that pleasing musical organization—The Schubert Symphony Club and Lady Quartette, of Chicago. Many of our readers have heard of this popular company and no doubt everyone knows of the high favor in which its years of success have placed it. The great variety and popular character of this company's program has endeared it to the hearts of American music lovers, until to-day it stands undoubtedly first in their affections. Their new program is said to be the best they have ever presented, and no doubt their house will be large here if they are secured for an entertainment.

Teddy Plumb lost a five dollar bill and some change on the street Monday last. He did not believe in advertising the fact as he never expected to recover it; but said we could give the money to the church if we found it. Now we believe the majority of men are honest, and we feel that that five dollar bill will be handed into the News Office if it fell into the hands of an honest man, and he sees this notice. If it is handed in it will be handed over to the church and due notice given.

Clever stories. In the Family Herald and Weekly Star this week, there begins a series of short stories entitled "The Old Home House" which are very clever. A complete story appears in each week's paper. There are eleven in all. Every paragraph means roars of laughter and enjoyment. The Family Herald and Weekly Star certainly gives big value for one dollar in a whole year's reading of that great paper. It is said the Family Herald and Weekly Star rarely loses a subscriber, and old subscribers this season are renewing months ahead so as not to miss a single paper. The Family Herald and Weekly Star becomes more valuable every year and it should find a place in every Canadian home.

Yes we are going to have a rink alright. M. North and A. Cuthbert have undertaken to build one and have already started on it. It will be run separate from the curling rink. It is up to you to see that the boys make a success of it.

To the Electors of Red Deer.

Ladies and Gentlemen:—At the earnest solicitation of a considerable number of the ratepayers, I have accepted of the office of Mayor at the forthcoming election.

Realising the responsibilities which this important office lays upon the incumbent, and the great amount of time necessary to the carrying out of its duties, I have hesitated for some time to come to a decision; but having once decided I am determined to throw myself heart and soul into the performing of such duties as will be laid upon me, if elected, with but a single purpose, and that to serve the town of Red Deer to the utmost of my capacity.

In the four years which it has been my privilege to serve upon the Council board I have never missed but one Council meeting, when in town, and, as the minutes will show, I have missed very few Committee meetings when called upon by the Commissioner; realising that when my fellow townsmen elected me it was my duty to safeguard their interests to the utmost of my ability. This I feel I have done without fear or favor to anyone.

As chairman of some of the most important committees I feel that I am warranted in saying that I have acquired a knowledge of Municipal matters in general, and of Red Deer in particular, which will prove of very great value and assistance to me if elected to serve as Mayor.

My policy for the future, as for the past, will be to direct a keen and critical attention to every expenditure of the ratepayers' money, whether it be small or large, to see that every person in the employ of the town performs his whole duty; to deal out favors to none, but evenhanded justice to all. I stand for progress along safe and conservative lines; for the undertaking of such works only as will allow us to reduce rather than to increase the present tax-rate; whilst at the same time keeping in mind that convenience, healthfulness and educational advantages are principal factors in the upbuilding of a good town.

In conclusion I wish to say my past record can be found in the minute book. Of this record I am not ashamed; and it is on this that I appeal to you for the promotion to the Mayor's chair.

I wish to thank my many friends and supporters for their kind indulgence in the past when I solicited their support. And I assure them, and every ratepayer, whether supporter or not, that after the election, if successful, it shall be my endeavor to serve every citizen alike, from the humblest to the most exalted. Yours faithfully, W. J. BOTTERILL.
